

## Abortion Opinion Poll

1. There is a preacher and his wife, and they are very, very poor. They have 14 children. The wife finds out she is pregnant with her 15th child. The family is living in extreme poverty. Considering their poverty, and the excessive world population, would you consider recommending that the wife have an abortion?
  2. A father is sick with an immune deficiency, and the mother has tuberculosis. They have four children. Their first child is blind, their second child died, their third child is deaf, and their fourth has tuberculosis like his mother. The mother finds out that she is pregnant again. Given the extreme situation, would you consider recommending she get an abortion?
  3. A white man raped a 13 year old black girl, and she got pregnant. If you were her parents, would you consider getting her an abortion?
  4. A young woman gets pregnant. She is not married. Her fiancée is not the father of the baby, and he is very upset. Would you consider recommending she get an abortion?
